

Alejandro Ovalle

Email: alejandro.ovalle@uni-bonn.de
Website: <https://alejandroovalleduque.github.io/>

Education	<p>10.2023 - Today <i>M.Sc., Mathematics: Algebra and Geometry, University of Bonn.</i> Thesis: "Enumerative geometry of K3 surfaces: BPS and stable pair invariants". Supervised by Prof. Richard Thomas and Prof. Daniel Huybrechts</p> <p>10.2020 - 09.2023 <i>B.Sc., Mathematics, University of Bonn.</i> Thesis: "Formulae for smooth cubic surfaces: quadruples of points and twisted cubics". Supervised by Prof. Daniel Huybrechts and Dr. Gebhard Martin</p> <p>02.2014 - 12.2019 <i>B.Sc., Physics, Universidad Nacional de Colombia.</i> Thesis: "Gravity as a Chern-Simons theory in (2+1)-dimensions". Supervised by Prof. Eduardo Rodriguez</p>
Research interests	Enumerative algebraic geometry, moduli problems, derived categories.
Teaching and Research	<p>11.2025 - 02.2026 Research Assistant: Interactions between enumerative and tropical geometry, Max Planck Institute - MiS, invited by Prof. Bernd Sturmfels. Mentors: Prof. Nathan Pflueger, Dr. Alheydis Geiger.</p> <p>04.2025 - 09.2025 Teaching Assistant: Algebraic geometry II, University of Bonn. Lecturer: Prof. Daniel Huybrechts.</p> <p>10.2024 - 03.2025 Teaching Assistant: Algebraic geometry I, University of Bonn. Lecturer: Prof. Daniel Huybrechts.</p> <p>04.2024 - 09.2024 Teaching Assistant: Commutative algebra, University of Bonn. Lecturer: Prof. Daniel Huybrechts.</p> <p>04.2022 - 09.2022 Teaching Assistant: Linear Algebra I, University of Bonn. Lecturer: Dr. Thoralf Räsch.</p> <p>10.2021 - 03.2022 Teaching Assistant: Analysis I, University of Bonn. Lecturer: Prof. Karl-Theodor Sturm.</p>
Selected seminar talks	<p>Graduate Seminar of Master's thesis, University of Bonn Talk: "BPS and stable pair invariants on K3 surfaces"</p> <p>Graduate Seminar of Master's thesis, University of Bonn Talk: "Rational curves on K3 surfaces: Yau–Zaslow formula"</p> <p>Graduate Seminar on Moduli spaces of K3 surfaces, University of Bonn Talk: "Deformations of K3 surfaces and local Torelli Theorem"</p> <p>Graduate Seminar on Perverse sheaves, University of Bonn Talk: "Constructible sheaves"</p> <p>Graduate Seminar on 4-Manifolds, University of Bonn Talk: "Enriques–Kodaira classification of smooth complex surfaces"</p>
Further academic activities	<p>06.10.2025 - 10.10.2025 ReMoLD School on Representations, motives and Langlands duality, University Duisburg-Essen</p> <p>10.06.2025 - 12.06.2025 Workshop: Curves on K3s and hyperkählers, University of Bonn</p> <p>02.2025 - 07.2025 Organisation of reading seminar on Derived equivalences, Derived Torelli and Moduli, University of Bonn (More information on my website)</p> <p>08.2024 - 01.2025 Organisation of reading seminar on Moduli spaces of stable sheaves, University of Bonn (More information on my website)</p>

02.09.2024 - 06.09.2024 Trieste Algebraic Geometry Summer School - Tropical geometry and moduli spaces of curves, ICTP

Honors

10.2023 - Today Full scholarship for Master's program from the Friedrich-Ebert-Stiftung.

More information: <https://www.fes.de/studienfoerderung>

12.2021 - 09.2023 Full scholarship for Bachelor's program from the Friedrich-Ebert-Stiftung.

More information: <https://www.fes.de/studienfoerderung>

12.2021 - Today Honors Program, University of Bonn.

More information: www.uni-bonn.de/de/studium/studienangebot/mehr/honors-program

**Further
qualifications**

Languages: Spanish (Native), English (C1), German (C1)
